. 1-3 RE- Please do the 2do activity on: https://www.purplemash.com	. 1-3 PHSE Please go to https://rnli.org/ and see activities for primary aged children of your child's age. The "spot the difference" activity is a good one to start discussing keeping safe in the sea and the beach bag activity is a good one to prompt your child to think about their responsibilities when packing a bag.	. 1-3 Science: With an adult research the Great Barrier Reef; finding out what lives there. Next, complete the activity set on the 2do on: https://www.purplemash.com	1-3 DT Following on from last week's video on sculptures I would like you to design your own sea creature sculpture - remembering the details that make it unique (so that friends can spot what creature it is when they see it). Remember that when you are designing, it may take many goes before you are happy with it. Keep looking at images of the creature so that it looks real.	. 1-3 ICT: Have fun with the program on: https://www.purplemash.com
