Head Teacher: Mrs Paula Fearn

30th March 2020

Dear parents,

Due to the school closure, work has been prepared for your child to complete at home. I have set out a weekly plan to be followed, with a similar structure to their school day.

Reading & Phonics

Please listen to your child read a few pages of a book and talk about the book with them. There is a comments bank on the school website to assist when talking about the book at home and with writing comments in their reading record. I have included a copy of the set 1,2,3 RWinc sounds as well as tricky word bricks. Mrs Hunns also does a phonics sound and is uploaded to the school website.

Maths

We have just begun to work on measurement and length. On Twinkl there are many measuring activities that could be completed. I have included one in the pack you are about to receive. Measuring and then ordering objects using different resources. If at all possible try to link it to our topic Dinosaurs.

Topic Work

Sticking with the Dinosaurs topic, please can you continue to work through the home learning challenges you received at the start of the term. This week's additional challenges are connected to the story Harry and his bucketful of dinosaurs.

Tapestry

I will continue to use Tapestry daily to set out some tasks to complete with your little ones. From what i've seen so far everyone (both grown-ups and children) are doing so well! Please do shout out if you would like any specifics.

At this difficult time we still need to remember your little people are little and still need to be exposed to the simple things in life!

Thankyou for your continued support at this challenging time.

Good luck, Mrs Morgan
