

Do you speak a different language?

Can you say a few words in that language?

What do those words mean?

Imagine someone speaks to you in a different language that you cannot understand. You would feel confused, wouldn't you?

After Jesus died and the disciples were alone, they thought the soldiers would come after them.

Did they want to continue Jesus' work by going out and preaching to the people?

NO! They thought they would be captured and in danger.

The people were from many different places, speaking many different languages, how could they communicate with those people?

One evening something amazing happened that made them change in every way!

When the Holy Spirit came, the disciples felt different, they felt full of joy and suddenly they could speak and understand other languages, so they could spread the word!

Ideas for RE activities:

- Video or animate your own scene of Pentecost
- Make a Pentecost flame hat
- Make a Pentecost flame scene
